

FLOORING CATALOGUE

TILES, PLANKS & HERRINGBONE PATTERN

Wood is a common choice for flooring material due to its environmental profile, durability and restorability.

While wooden flooring can lend a timeless look to the space, choosing the right kind makes all the difference.

There are four options available: Laminate flooring, Engineered wood flooring, Solidwood & Engineered Designer Tiles, and Veneered flooring.

ENGINEERED DESIGNER TILES

Our Designer Tiles options offer an elegant, luxurious appearance and will add character to any interior.

Engineered Designer tiles floors are very easy to clean as they do not accumulate a lot of dirt, dust, and debris. Along with an elegant, high-end aesthetic, solid wood floors offer the warmth, beauty, and value of wood, which never goes out of style.

JALARAM WOODEN FLOORING

SOLIDWOOD FLOORING

Jalaram wood floor is made of pure wood. There is no layer of any other material applied. Every tree is unique.

When you select solid wood flooring from us, you will get a product that involves infinite possibilities and unique characters.

JALARAM WOODEN FLOORING

ENGINEERED FLOORING

Engineered wood floor all the traditional aesthetics of solid hardwood, with an innovation of design that makes it even more versatile!

Comprising of several layers, the top layer being a species of real hardwood, engineered hardwood flooring is a robust flooring option that allows you to install your chosen color, cut, finish and surface texture in areas where solid hardwood is not recommended.

JALARAM WOODEN FLOORING

veneer flooring

Jalaram solid floor offers more than 25 wood species. You are sure to find one that's right for you.

Like Walnut, Red Oak, Cherry, Maple, White Oak, Sycamore, Larch, Mahogany, Moabi, Wenge, Bilinga, Bubinga, Afromosia. Ipe, Sucupira, Jatoba, Cumaru, Rosewood and Ebony.

JALARAM WOODEN FLOORING

CUSTOMIZED FLOORING

Customised veneer floors use a layer of real wood (veneer) over a core that is made of marine grade 100% birch plywood.

It is tongue & grooved and prefinished with lacquer making it easy to install.

The use of veneer allows us to carry forward the concept used on the furniture to the floors.

SPC FLOORING

stone plastic composite

SPC FLOORING

LINK N LOCK SPC flooring OF ARGIL is crowd pleasing for being flexible and less bulky than traditional wood, well its just like standing on real solid marterial. It is the toughest of the tough, specially designed to resist the use of commercial outskirts.

COASTAL® SPC FLOORING

COASTAL® SPC FLOORING: UNILIN™ CLICK SYSTEM. - Super Stain And Scratch Resistant, Completely Waterproof, No Bugs & Termites, Enhances the Color And Embossing, Protects From Abrasion.

PARADOR

FINE GERMAN WOODEN FLOORING

ENGINEERED

Engineered floors from Parador open up creative design options for individual and high-quality floors. Durable, stylish and easy to install and maintain, our parquet floors create a special atmosphere in your home.

LAMINATE

Laminate from Parador opens up a wide range of options for designing your home. Because as individual as people and their ideas about living are, so is our range of laminate flooring.

Travette

Engineered Hardwood flooring

LAMINATE FLOORING

Want to give a 'cosy minimalist' look to the floor of your home/office? Then, Treadwell is the right choice for you. It is austere functional, while at the same time amply aesthetic.

Each plank is built to minimise any impact of expansion and contraction cycles. It is absolutely easy to maintain as the floor can be swept and mopped with a damp cloth.

FIN*floor*

LAMINATE FLOORING

With over 20 years of experience, and a presence in more than 30 countries around the world, Finfloor has become a recognised laminate flooring brand in the industry. That is why we work every day to ensure that our production capacity and wide range of products allows us to offer you a product that combines reliability and design.

LAMINATE FLOORING

Fausfloor laminate flooring is the logical choice for any person concerned about the environmental impact of their décor.

Our flooring not only uses responsibly harvested, and easily renewed, species of trees, such as pine and oak, but it is also a product that is more durable than most hardwood products.

LAMINATE FLOORING

High quality hardwood floors that are kiln-dried, manufactured, installed, and finished to certain standards can last for generations.

Able to stand up to active workspace and heavy foot traffic, quality hardwood floors are tough, hard-wearing, and have long term durability.

A LEGACY OF TRUST

Established in 1978, Jalaram Timber Depot started with a simple mission – to preserve the quality and craft in harvesting the finest wood from around the world and to bring it to India in its most suitable form to find a place in your home or work environment.

Today we are proud to have over 40 years of expertise across not just veneers, but also wooden flooring, plywood and solid surfaces. Jalaram Timber Depot has consistently set the standard for these products in India and we're happy to say that we continue to do so every day.

Our extensive range of veneers are closely evaluated and curated from around the world, using the best of local materials as well as international woods.

Much like timber that needs the best conditions to grow, we have nurtured strong relationships and built a reputable network of timber suppliers across the globe, which gives us access to the highest quality of materials.

We also lead the market in solid surfaces – Jalaram Timber Depot was the first to introduce Dupont™ Corian® Solid Surface in India, among several other brands that we are proud to partner with.

We are the authorized distributor for the Western region for Parador – a premium wooden flooring brand from Germany. Our plywood range is curated and certified; any brand endorsed by Jalaram Timber Depot meets the top quality standards since we go through stringent testing processes and set the quality bar for the industry.

FACTORY AT KOCHI, KERALA

Jalaram Timber Depot has its own veneer manufacturing unit in Kerala with over 400 varieties of veneers, which allows us to monitor and maintain a certain level of quality

Spread over 6 acres at Vettickal, Mulanthuruthy in Ernakulam district, our state-of-the-art factory is equipped with a fully fledged slicing and peeling facility and kiln drying chambers.

The factory also houses our showroom that carries a large variety of wood, veneers and flooring products.

The Veneer Studio at Central Mumbai is designed to showcase our collection of veneers, floorings, solid surfaces, deck & cladding, kiln dried timber, live tree slabs and plywood. We're ready to welcome you.

SUSTAINABILITY & OUR FOOTPRINT

At Jalaram Timber Depot, we take our responsibility to the planet seriously. Without exception, all our raw materials are sourced from sustainable forests which are FSC and PEFC certified. In the case of imported logs and veneers, we ensure they are also sourced from FSC and PEFC certified producers, thus ensuring the ecosystem we engage with shares similar values that are important to us.

FSC and PEFC certifications are carried out with regular auditing and inspections to ensure the sustainability criteria are strictly carried out by independent authorities.

In the case of logs sourced from India, our main purchases are from government Forest Department auctions or from plantations (replanted) which are controlled by permissions by the concerned government Forest Department. The

Forest Department allows only collection in their forest of dead and fallen logs. Thus, we ensure non exploitation of natural products and the best use of available resources in a sustainable way.

QUALITY CERTIFICATION

By controlling the entire process, from the sourcing of raw materials to the finished product and customer service, we've created a process that brings in a high degree of transparency and trust within the business cycle.

Over the years, we have developed certification standards that ensure that our customers get the most superior quality of products each time. The Veneer Quality Certification ensures that when you select any veneer from our catalogue, it has been created to last for a generation.
